P800GX PORTABLE UV AIR PURIFIER

All the benefits of Sanuvox's patented ultraviolet technology in a portable air purifier weighing only 13 lbs. The P800GX uses Sanuvox's split UV-C / UV-V (germicidal / oxidizing) lamp to destroy biological and chemical contaminants including chemical odors, bacteria, cigarette smoke, mold, allergens, viruses, pet dander, etc. The P800GX can be used continuously or when the need arises. Easily transported and available with an optional stand, the P800GX is ideal for anyone in need of a cost effective, simple solution for the problems associated with indoor air quality.
